CORE VALUES

PHILOSOPHY

OUR PEOPLE

There have been over 300 site workers to work on projects. Since ECC was set up by Founders Mr.Thea Makara & Mr.Eth Ratha in 2013.

We are well qualified in construction areas with our well-trained staff who can perform the work and successfully manage all the systems of work on site.

ECC always care for its staff's values by providing enough benefit for them that why high retention rates are seen as unremarkable meaning that ECC will always assure enough workforces on its sites.

Based on more than 10 years of experience in high-quality building ECC has won a lot of support from its corporation Partners.

Cambodia's construction industry continued to boom in the first half of 2017 according to statistics released by the Ministry of Land Management, Urban Planning and Construction (MLMUPC) in July.

The industry saw an increase of 28 percent over the same period in 2016 with 1,523 new projects approved between January and June 2017.

The MLMUPC gave a total value on these H1 2017 approved projects of **USD4.94 billion**. These figures compare to 1,183 approved projects valued at **USD3.97 billion** in H1 2016.

To Whom It May Concern:

We are glad to certify that "ECC Building Trust" was completed successfully with the construction of Project 14Floors The Diamond Home 1 Condominium. Starting November 14th, 2014 and ending on August 31th, 2015.

ECC really provided us with a great quality and technical standard during it's responsibilities of the above project.

We would recommend ECC is the best Construction Company, who has done a great work and had good coorperation with positive response and the project delivery was perfectly smooth.

We are looking forward to working with ECC again at next projects.

Your Sincerely
